Weddings at Sahalee

While business meetings, auctions, family parties and other private functions are frequently held here, Sahalee is perhaps best known for providing a truly magical setting for weddings.

Ceremonies can be held outdoors on our private wrap-around patio or indoors in the Sahalee Room. Here, floor to ceiling windows provide lots of light and views to the lush natural beauty beyond. The space can then quickly and gracefully be converted for receptions of up to 250 people with a dance floor.

By hosting only one wedding or gala event at a time, we are able to ensure that even the smallest detail is handled to perfection.
